NIRA surgicals PVT. LTD
(Improving Patient's Lives)

A COMPANY OF ALL TYPES OF IMPORTED/INDIAN INSTRUMENTS

NIRA surgicals PVT. LTD
(Improving Patient's Lives)

ABOU US

NIRA SURGICALS PVT LTD :

NIRA SURGICALS was estab:ished in the year of 2008. Our aims at provi'ding world class Orthopaedic/Spine/Neuro implants & ll types of imported and Indian Instruments at the affordable cost. Designed in line with statutory and regulatory requirements our range is widely acknowledged for highly sterilized, safe to use corrosion proof, application specific design and reliability. We have constantly been updating our knowledge strength and company profile as well. NIRA SURGICALS . (2018-2020). Also, as technical strength for producing supreme range of the premium quality products in Ortho/Spine implants and Instruments' segment

We established with a vision to become an indigenous manufacture & nationwide Supplier of a wide verity of Orthopaedic/ Spine/Neuro implants &All types of imported and Indian instruments, including trauma and rehabilitative appliance that measure up to high standards of quality. The company has grown many leaps forwards to l the requirement of the medical professional and the dedication of the company's professionals accelerated Ortho Surgical Company to Become one of the prime manufacturers of orthopaedic/Spine implants and All types of imported and Indian instruments. Because of the stringent quality measures adopted by the company, our products got self-introduced in the export marketing in a big way. The growing demand for our products in the international market

Quality :

Quality has been the hallmark of success for the company. It manufactures implants made of 316 & 316l grade stainless steel as per BIS specification. A products marketed by the company undergo rigorous quality surveillance. The company has been keenly observing new trend of the international markets and is regularly updating itself regarding new technologies , the company is able to compete in ocal, ell as international markets and has confidently consolidated its position in the business

Managment :

Our team comprises highly motivated members like managers, designers, product developers, marketing team,Sales team ,logistics team, consultants and more! Our senior management believes in the philosophy of driven by patients, focused by medical practitioners. We have always tried to develop products with international standards within the criteria of affordability

Be it the top most management or the youngest member of the nira family, one thing is common in a of : 'passion to achieve more and more milestones that makes the lives of patients healthier and happier day by day, minute by minute, moment by moment!

Quality control checks ate conducted in-house as a routine, but periodic testing through independent test house is also carried out

Raw material used -The raw material of all products are tested for chemical composition and sample piece tested for physical properties.

Calibrated plugs, Ring Gauges and Thread Gauges are used for inspection of standard implants & instruments. Standard vernier calliper's, Micro Meters, bone gauges, surface tester are used for inspection of custom-made implants/instruments.

The company used the state-of-the-art machinery for its Research And Development Department of the company is working continuously to provide superior quality instrument & implants at economical prices to meet the ever increasing requirements of the medical profession.

The company caters to an established clientele in the domestic and international market through its extensive marketing network. At present we are exporting our products to Singapore, Australia, south America, Bangladesh and Nepal. All our clients are satisfied with us, as a result of which we are getting repeated orders. It has trained service personnel, who provide demonstration and technical for fixing different implants and appliances. Distributors of the company are strategically located to reach all corners of the world. Apart from sale effected through dealers, the company is directly catering to institutional customers in India and across the globe.

WHO, CE ISO, CEP Certified Company.
